U.S. Bank Buys B'wy Property

The U.S. National Bank has purchased the unimproved property west of its present Lemon Grove facility on Broadway it was announced this week by Bob Dryden, L.G. branch manager.

The lot, 120x300 was purchased for an undisclosed sum from Ernest (Ernie) Gillenberg. Dryden said the property, which is the last undeveloped piece of land between Buena Vista and Grove street on Broadway, would be used for future expansion of the U.S. Bank's facilities.

"Our faith in Lemon Grove as one of the most thriving business communities in the east county has not wavered during the recent economic flat spot," Dryden said.

The newly acquired property will be developed for parking or for building as new needs dictate," Dryden said.

The bank's deposits in Lemon Grove have increased fifty percent in the past six months, a bank spokesman said.

L.G. Co-ord Council Meetings To Be Dropped During Summer

Lemon Grove Co-ordinating Council members voted to cancel further meetings of the Council during the summer months at their meeting Monday night in the Lemon Grove junior high school auditorium.

This was done primarily because of lowered membership during these months and to help Lemon Grove School District cut down on expenses. If meetings are not held in school facilities, then an extra janitor will not need to be hired to clean and close up after the meetings.

A substitute for the Council meetings was approved by the Council. They will offer instead

L.G. Street Lights Are 'Go'

Light Standards Won't Be Hazard To Traffic, County Decides Tuesday

SAN DIEGO (CNS) — The "go-ahead" signal for installation of ornamental lights in the business section of Lemon Grove was voted Tuesday by the County Board of Supervisors.

Action on the lighting had been delayed for two weeks, due to protests from some property owners that the light standards would be out in the street and a hazard to cars until the county's road improvement plans are completed.

Charles Kerch, who spoke for those in opposition, said Tuesday that he was "resigned" to the county's proposed plan.

"I thought the property owners were going to have a meeting," Kerch said. "And I thought some of those against the plan would be here today. But nobody has turned up, so I'm resigned to whatever happens."

"You're about as nice a protestant as we've ever had around," said Board Chairman De Graff Austin.

"And I've got a date now, so I can't wait any longer," added Kerch, and he left at once.

Joe Rushing, of the county public works department, told Supervisors 15 lights are to be put in on Broadway from Olive street to Grove street, at a cost of \$17,040. Property owners are to be assessed \$7.10 per front foot.

The lights are being placed in the street because Broadway will not be as wide as it is now when it is improved. When the improvements are in, the lights will be behind the curb.

At the Board's May 8 session, when Kerch protested that property owners had not known the lights would be in the street, subject to interference with parking and traffic, Edwin Koester, manager of the Lemon Grove Chamber of Commerce, disagreed.

Happy Times Are Here Again

Employment in the space-airframe industries started looking unusually good last week when several healthy-sized contracts were awarded to San Diego defense plants.

General Dynamics - Astronautics waltzed off with two contracts, one of which was for \$8½ million for the Air Force's global tracking network project. A smaller, but exquisitely exotic program for \$115,000 was for the study of "advanced electro-propulsion technology."

General Dynamics - Convair got a space contract for "several million dollars" to design and manufacture a launch vehicle to be used to boost the Apollo spacecraft on unmanned sub-orbital flights.

Rohr Corp. won a \$4½ million subcontract from Lockheed to produce engine quick change kits for C121 aircraft.

An interesting fact about these welcome contracts is that all the firms refuse to talk about employment impact. This is a switch because it was only a few months ago that all these firms were talking about "cut-offs" and "attrition." At that time they made it clear that San Diego's economy could only be propped up by more people working at defense plant jobs by way of contracts for a "distressed area."

At one period, one of the political parties was saying that contracts were being deliberately withheld from San Diego to "get even" for not voting the right way. This was met with revulsion because much of the dignity of man would have been sacrificed in a thoughtless maneuver of making votes by taking jobs away from workers.

Our guess is that Washington officials put the quietus on any reference to employment in relation to these new contracts. Saner heads there must have figured that permitting contracts to be associated with any political party or with any federal agencies would be harmful if a cutback in personnel ever came again. The axiom that with the credit goes the blame sets up an unpleasant backlash effect that grows stronger with every peak-and-valley employment cycle.

HALF-ACRE CHARRED AFTER ILLEGAL BURN GETS OUT OF CONTROL

A half-acre on Hilltop Chateau property, 6970 Central ave., L.G. burned Saturday after a juvenile started an illegal burn to clear off adjoining property. The flames spread rapidly and the Lemon Grove Fire Department received the call at 4:08 p.m. when the fire was out of control.

One fireman had to stand by on the scene until 7:45 p.m. to keep an eye on dense trash piles that might rekindle.

A child's go-cart caught fire at La Salle Enterprises, 7285 Broadway Saturday and firemen were called at 12:54 p.m. The flames were from an ignition short by the gas tank, and \$25 damage was done to upholstery and paint.

The L.G. Fire Department called on the Division of Forestry to extinguish a grass fire at 3949 69th st., in Vista La Mesa on Saturday at 12:08 p.m. The area is outside this fire district.

While putting out a May 18, 9:14 p.m. grass fire believed to have been started with malicious intent on Murray Mill rd. bordering La Mesa, L.G. firemen received another fire call. Leaving there, they searched the Massachusetts st., Highway 94 area, but could find no blaze, according to Capt. Mark Poote. He said the alarm was the second malicious false alarm in two weeks.

Firemen were called to the scene at 8:35 a.m. on May 15 when Mrs. Emma Revie, 38, of 7869½ Bryant ct., L.G. collapsed on her kitchen floor. She was taken to the hospital.

The Hilltop Chateau called the L.G. Fire Department at 9:03 p.m. on May 17 when their oxygen supply ran low temporarily. Inhalator treatment was administered to Mrs. Helen Sawyer, a patient there.

L.G. FIRE DEPT. HIRES NEW, FULL-TIME FIREMAN Dale Edgar Chamberlain, 23, of 7857 Bryant Ct., L.G. became the successful candidate Tuesday night for a job on the L.G. Fire Department when the board of commissioners selected him from five applicants.

Chamberlain had been on call duty with the department for a year. His full-time duties start June 1. Chief Pappy Hensley said. All candidates had previously passed examinations for the job.

Adjustable Third Wheel Is Key To Cart Industry Here

Carts, such as the one above, manufactured in Lemon Grove, will supply jobs for sixty workers soon. Photo above was taken in U.S. Grant lobby where Tri Truck is test proven daily.

Tri-Truck Manufacturing Co., a new firm that fabricates and markets a line of patented luggage, materials handling and utility carts has begun operation in Lemon Grove at 7952 North ave.

The firm will add 60 workers to the Lemon Grove industrial payroll during the next 18 months, a spokesman said. Five are employed now.

Tri-Truck General Manager Carey Carpenter said that six of the 10 basic models of the firm's line are now in production. The other four go into production within the next 30 days.

"Tri-Truck," he said, "is the first major improvement for loading dollies in the past 100 years. One model, a luggage handling cart (in photo above) enables one person to handle large loads without strain to the operator."

"In a hotel lobby it does the work of a bulky platform cart but uses only one-fourth as much space," he pointed out. A patented adjustable third wheel arrangement permits the weight to be carried by the truck, not the operator. In two wheel carriers, the man carries much of the load. Other models are available for handling gas cylinders, barrels, oil drums, food cartons, appliances, furniture, newspaper rolls and machinery in loads up to 1,500 pounds.

Another Lemon Grove firm, Jet Tool Sales, has been named as special sales representative for several southern California counties.

The Tri-Truck firm was started in late 1961 by Carpenter after he purchased three patents for third-wheel weight distribution.

Prototypes have been in use on an experimental basis in warehouses, supermarkets, hospitals and shipping ports for several years. In San Diego the U.S. Grant hotel has used a Tri-Truck expediently for several years Carpenter said.

VETERANS OF FOREIGN WARS OF THE UNITED STATES

Miguel Seniors Receive American Legion Auxiliary Scholarships

Two Mt. Miguel high school seniors who plan to attend schools of higher education in the San Francisco Bay area, have been awarded scholarships by the La Mesa American Legion Auxiliary, No. 282.

Phyllis Brady, daughter of Mrs. Verna Brady of Spring Valley was awarded the National President's Scholarship, in the amount of \$1,000. Her father, the late William H. Brady was an Army veteran in World War II.

Miss Brady's award was based on all-around personality and achievement and the fact that her father is a deceased veteran. Miss Brady, whose major interest at Mt. Miguel high school has been social science plans to enter San Francisco State College in 1963 where she will major in elementary education.

Other awards have been presented Miss Brady. In April she was named "Teenage Miss of Lemon Grove," by the Lemon Grove Junior Woman's club. For this she received a \$25 Savings Bond. Then early in May she was named "Teenage Miss of San Diego County," by the San Diego Woman's club. This brought her a \$200 bond, which was purchased by Mr. and Mrs. Arthur W. Billings of Lemon Grove. There were 14 girls in that contest. Now Miss Brady is competing for "Teenage Miss of California," with the winner to be named sometime this month.

The other scholarship awardee, Gary Streiker, received an award of \$160. Gary is the son of Mrs. Vernell Streiker of 7271 North ave., Lemon Grove. His father, an Army veteran of World War II, lives out-of-state. Gary, who has also been interested in social science, plans to enter the University of California at Berkeley. There he will major in radio and television broadcasting and political science.

Early in May Gary Streiker received a \$500 Liberty Scholarship from Berkeley. He also has been awarded the "Good Citizenship" medal from the Sons of the American Revolution.

Letters To The Editor

Dear Editor:
COUNTY TAX RATE JOINS SPIRALING COST OF LIVING. This is not news. News is tax rate to be lowered. County budget to be cut. Administrative offices to effect savings through more efficient use of funds. Programs not related to present unemployment situation to be postponed.

What encourages and influences industry and business to consider this area for location? Not higher taxes. Not higher wages needed to pay higher cost of living, but a county gov-

ernment run like an efficient business. Set an example. Cut costs. Introduce more efficiency in all phases of administration. This would result in publicity that would attract more industry and business than all the C of C programs rolled into one.

Let's forget about budget increase, tax rate increase, property evaluation increase. This is not the golden goose. Attract new industry, new business. This will create new employment. Employed people buy homes, pay rent and buy the necessities for our American way of life. Prosperity is our golden goose and the end product is the golden egg... more tax payers.

Dear Editor:

It has been called to my attention that certain billboards advertising Republican candidates have on them. Officially Endorsed Republican Candidate.

Regarding this matter, I

would like to state that the Republican party does not officially endorse candidates before the primary unless they are unopposed, (the only candidate running for his position). A candidate may be "endorsed" or chosen by a group or committee, but that does not constitute official endorsement by the Republican party, and any claim to that effect is either inadvertently or deliberately a misstatement and therefore misleading.

Sincerely,

Mrs. Charles William Brown

Dear Editor:

Re Goodwin Instant-Wealth Plan, the neutral nation in Baja must be sure not to tax land, or to tax it only lightly, so the poor landowners will not be hurt and can reap their instant wealth, too, as they do today in California. The slogan is, Invest in land and make millions. How many jobs are created by investing in land?

The DIMMER VIEW

(Continued)

Human unemployment misery generated just to serve political programs has no place on the American scene.

Anyhow, the spokesmen for the firms getting the new contracts were singularly silent. They acknowledged having gotten the contracts but claimed no knowledge about the need for workers. We needed one spokesman into a statement by a reverse question. "May we quote you as saying that the new contract will increase lay-offs?" we asked. He said that it would be foolish to say it.

We think it is foolish to keep so much good news from defense plant workers, most of whom are gravely concerned about their future.

In light of these multi-million dollar contracts, we should soon enjoy the fruits of an economic boomlet in San Diego soon again.

News-Sense Platform Sturdier

We hope some of you voters listen to us editors.

Editors, we suggest, have opinions on practically everything.

What's more, these opinions are usually backed up by sound arguments.

That's why we feel that a good editor would make a good administrator in government although he might be a poor politician since he seldom has the capability of double-talking.

For these and other reasons we were pleased to learn that Fred Speers, the operator of the Times-Advocate, a fine Republican daily newspaper in Escondido, was a candidate for the State Assembly in the 80th District.

Most platforms we have examined during this campaign are complex because a plank here and there cancels out other parts of platform when the candidate tries to serve all groups. Fred Speers spells out a platform that is easily understood because it serves one master only... the taxpayer.

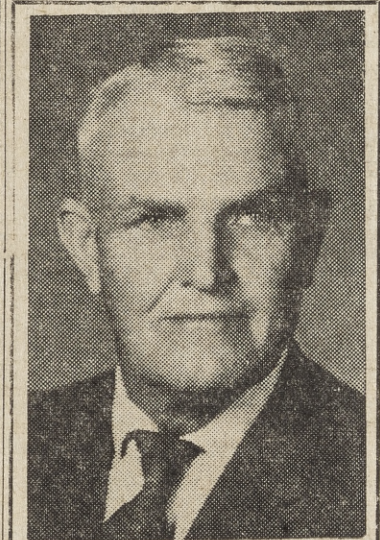

We can't think of a simpler, yet more vital program than his:

1. Downward tax revision, ridding the state of unnecessary bureaus and agencies, reduction of the welfare burden and eliminating the "temporary" increase in the unemployment tax.
2. Fighting political "bossism" by restoring to California the voting laws it once adopted in its successful fight to oust bossism—laws since taken off the books by the Brown controlled legislature.
3. Subversion control laws which would have the approval of FBI Director J. Edgar Hoover.
4. Restriction of the power of appointed bureaucrats which have the effect and penalties of laws. These administrative rulings, Speers said, are stifling private enterprise with red tape, forms and reports.
5. Maximum governmental efficiency through adoption of automation with resultant reduction of state employees and also elimination of departments whose work can be put to bid.
6. Stricter narcotics control laws with greater powers for arresting officers.
7. Reasonably priced good quality water for Southern California from the Feather River Project. "Let's not have our ranchers and farmers pay for recreational projects up North," Speers said.
8. Development of highway, airport and heliport programs in the District consistent with various localities' own concepts of desirable projects.
9. Easily available state technical aid in advice and suggestions for coastal and inland recreational facilities.
10. Fair play for smaller communities whose growth is threatened by large population centers and for residents of unincorporated areas.

Speers' district barely touches our circulation area and not many of our readers are eligible to vote for him... but his program offers a good guide on what we consider a fine platform.

ART BY CHILDREN TO BE AT FAIR

Helen W. Goodall and Mary Robinette of Spring Valley are co-chairmen of the children's art section to be part of the art exhibit of the Foothills Art Assn. between May 29 and June 3 at the East County Fair in El Cajon. Adult art will be in the exhibit too.

CANDIDATE ASKS THAT HE NOT BE MENTIONED

Roger F. Winchester of Mexican Canyon, Jamacha this week said that he "requested" El Cajon Valley Republican Assembly to not tolerate mention of his name at any of the meetings held outside the boundaries of the new 80th district or in which participants are not residents in the new 80th district, or in any announcements or reports regarding any such meetings, during the period that he is a candidate for Assembly in the 80th district.

He said his action is strictly a matter of principle.

HEGLAND CHARGES 'SMEAR' CONGRESSIONAL BATTLE

"One of the leaders in the campaign being waged against me has boasted publicly that Hegland won't get a vote in Logan Heights," Assemblyman Sheridan Hegland charged this week.

Hegland said that he had been "the victim of the most irresponsible smear campaign ever conducted in southeast San Diego."

His talk closely paralleled a speech he had made before the NAACP Sunday afternoon.

Hegland displayed a 3-page brochure he said distorted and twisted his voting record.

Hegland made no charges against his opponent in the Congressional race, Lionel Van Deerlin, but did charge "some of the leaders in that campaign" with smear efforts in the Logan Heights area.

WELFARE CHISELING MUST BE STOPPED SAYS DICK DONOVAN

Attorney Richard J. Donovan, candidate for 77th District Assemblyman, attacked excessive state spending and state welfare abuses this week.

Speaking to a gathering of the South Bay Young Republicans and the Chula Vista precinct captains, Donovan stated, "I have the profoundest respect for the dignity of the individual and am 100 per cent in favor of welfare benefits to those who are truly in need. But, the freeloaders and chiselers who have been abusing this privilege must be stopped."

Regarding the state budget, Donovan accused the Brown-Urnuh machine in Sacramento for overspending the state's income by 200 million annually. He pledged, "I will fight for good, sound business practices to bring an end to such mismanagement."

POLIO CLINIC TO BE HELD THIS WEEK AT VLM SCHOOL

Vista La Mesa PTA is having a Polio Clinic this week on Thursday in the school cafeteria. The time, 7 to 9 p.m.; the place, 7101 Pearson st.; the charge, \$1 a person with a \$5 maximum charge per family.

More Jobs For More People—Nagy

People in the 77th Assembly District, which includes Lemon Grove and Spring Valley, approve the idea of creating more jobs by attracting industry to the San Diego area, John Nagy told an outdoor meeting in Lemon Grove this week. Nagy is a Democratic candidate for the Assembly.

Industry should have the incentive of lower property taxes, both on buildings and personal property, in order to expand and create more jobs. This will also benefit homeowners, he said.

Nagy said a Lemon Grove and Spring Valley survey indicates business and homeowner approval of a revision of the property tax structure.

SCOUT EXEC PRESENTS CUB PACK 47 WITH NEW CHARTER

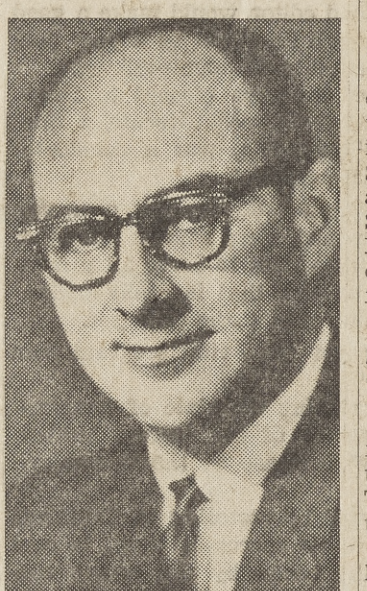

After welcoming new Bobcats K. C. Jones, Ray Hughesman and Johnny Quinn last Friday night, Cub Pack 47 watched Pete Weingart, Field Scout executive, present its new charter to Chet Smith, president of the Spring Valley Chamber of Commerce, which sponsors Pack 47.

During presentation awards, Denner Patches went to Frank Sullivan and Terry Hayes, and Assistant Denner Patches to Wade Barnett, Bobby Danner, Bill Paine, Bobby Rennert and Newton Schalton. Mark Gottwig received a Silver Arrow, and Bill Lewis, a Silver Arrow and a Gold Arrow. A special gift went to Tommy Danner, who has served as den chief for three years.

The evening was climaxed by Pinewood Derby races, as Cubs proved the speed of the racers they and their dads had carved. A series of photo-finishes produced the following winners: Den 2, K. C. Jones; Den 3, John Gross; Den 4, Mark Bridgewater; Den 9, Billy Paine, and Webelos, Bruce Larsen. Grand prize-winners of the run-offs were John Gross, Bruce Larsen, and Mark Bridgewater, who will represent the Pack in the District Derby this Saturday at Grossmont Shopping Center.

Bill Larsen, Pack committee chairman announced that new members are still being accepted by the Pack. Boys who are now eight or will turn eight during summer are invited to get in on summer fun by calling membership chairman Bob Barnett at HO 6-1571.

Named Manager

RETURNS TO AREA — Earl Nelson, former director of the L.G. chamber of commerce and past president of the L.G. Merchants association, has been named to manage the Grossmont Center branch of The Highlander. Nelson joined The Highlander in 1956, served as manager at La Jolla for the past three years and was manager of the Lemon Grove store prior to that.

HOM WANTS EXEMPTIONS FOR HOME-IMPROVEMENTS

Legislation to give home owners a \$3,000 exemption on home improvements was suggested this week by Tom Horn, unopposed Republican candidate for Assembly in the 79th District. "This exemption will create new jobs and help the sagging construction industry," Horn declared. He said something is needed to stimulate San Diego.

In the last two years San Diego has seen 50 per cent of its contractors and subcontractors either go out of business or go bankrupt.

"The exemption will not only encourage people to make home improvements thus creating jobs, but it will aid in renewing some of our older homes which need remodeling," Horn said.

No tax loss would be incurred, Horn said, because these newly employed would be taken off of unemployment or welfare rolls.

COURT JOB OPEN

County Civil Service has job openings for deputy clerks in outlying court districts. The job pays \$397-483 a month. Duties include preparation of warrants, abstracts, transcripts; collecting and accounting for court fees and fines, etc.

Applications will be taken until 5 p.m. May 25.

This is one year when we've had an abundance of rain. And despite the fact that it was really torrential at times, and that it probably washed away some fertile top soil in places, it did something for arid soil. We should have a sweeter soil to garden in, than we had during the years of drought.

However, don't forget that as the dry months come, and we resume our program of artificial watering, alkalinity will build again. So let us cooperate with nature this year by remembering to use the trace elements which will become inaccessible to our plants and shrubs.

Such minerals as iron are essential, but you can get iron in combination with other necessary minerals plus chelates and, if you have not used such a product recently, don't neglect it. Your garden needs it.

An old-fashioned Saturday afternoon political rally, climaxed by a major address by Richard Nixon, has been scheduled for Saturday at 5 p.m. in Chula Vista's Memorial Bowl.

Prior to Mr. Nixon's address, there will be a program of varied entertainment including a uniformed, marching jazz band, according to RADM Leslie E. Gehres, UUSN, (Ret.), San Diego County Chairman, Nixon for Governor Committee.

LM-SV SCHOOL BOARD OKAYS RAISES IN PAY

The La Mesa-Spring Valley School District board of trustees, at a special meeting Monday night approved pay hikes for both the certificated personnel and the classified. The raise will be in effect during the 1962-63 school year.

Certificated personnel will receive a 4 or 5 per cent raise, while the classified will get a straight 2 per cent. Beginning teachers will start at a minimum of \$5,000 per year, and the maximum will be \$9,400.

Salary schedule for credential personnel was approved with one exception. Board member, Dr. Cyril Padfield suggested that no raise should exceed \$1,000 for this year. However if it were due the person, it would be made up next year.

CORONER'S JOB HAS TREMENDOUS RESPONSIBILITY SAYS CANDIDATE

Enrico D. (Rick) Fenell, candidate for Coroner - Public Administrator this week blasted the incumbent, Robert L. Creason, pointing out that Creason was suspended from his earlier Coroner's office job for 30-days and required to pay back money into the County Treasury.

"In this County, the Coroner also acts as Public Administrator," he said. "As such he must take care of a deceased person's property, collect all money owned to him and deposit it with the County Treasury. And your Coroner comes into the picture in one death in four. Any accidental or unattended death becomes a Coroner's case; therefore it becomes a position of tremendous responsibility.

"Just this past December, the Grand Jury Foreman announced that charges against the personal and professional conduct of Robert Creason, your present appointed Coroner, was being referred to the 1962 Grand Jury. This case is still pending," he said.

Tax Waste Costing Jobs In Calif. Says Pete DeGraaf

Careless spending and irresponsible taxing must be replaced by good government based on a balanced budget, Peter DeGraaf said this week.

The Republican candidate for the 77th Assembly District said state and federal governments had drifted past socialism into a Nazi Fascist philosophy of complete state control.

Pure communism has failed and in its place has arisen the diabolic conspiracy of a ruthless military state dedicated to enslaving the free world. The Fisher files case, DeGraaf said, is a good example of the breakdown of the "due process" concept.

Tax waste has caused unprecedented unemployment in California, he said. Tax waste has caused firms, such as Armco, to be assessed \$41.84 per \$1,000 valuation in California. In Ohio, Pennsylvania and Texas the rates are \$11.10, 13.31 and 12.32 respectively.

"We cannot encourage more industry and more jobs in California until we reduce the cost of the present wasteful administration," DeGraaf said.

"We know that some welfare expenditures are necessary, but there is a crying need to correct abuses in the expenditure of welfare funds. "VICTORY OVER SIN"

As the children of God, we must learn to draw upon the victory of Christ to control our old natures. The Holy Spirit will work in us showing us what is right and what is wrong, but we, with our minds, must exercise our wills to do what we know to be right. In order to keep from slipping back into sinful practices, we must learn to call upon God for help and power to overcome at the point where temptation overtakes us.

COMMITTEE SUBMITS SALARY DISCUSSION TO SCHOOL BOARD

The report indicated a four to six per cent increase would be necessary in order to correct the conditions. Seven district clubs have contributed more than \$700 to a student fund for books and fees, according to dean of student activities John M. Burdick. Only one organization has so far established a scholarship at the new junior college, he said. The Ninth District Parent Teachers Association has given two \$25 scholarships.

Dean Burdick pointed out that, while \$25 might not mean much to a student at another type of institution, at a junior college it may mean the difference between staying in school and dropping out for a semester. "A scholarship of only \$50," Burdick said "could do very much toward meeting necessary expenses for an entire semester." Scholarship money could be used for such items as transportation, clothing, etc., in addition to books and fees.

Individual clubs which have given to the loan fund are as follows: La Mesa Woman's Club (evening division), \$300; La Mesa Soroptimist Club, \$200; Lemon Grove Soroptimist Club, \$180; North La Mesa
